If you started *Reading through the Bible* with us at the first of the year, as of April, you will have read one third of the Bible, finishing 8 books - Genesis, Exodus, Leviticus, Numbers, Deuteronomy, Matthew, Mark, and John - and have made a good dent into the Psalms and Joshua. If you started later in the year and want to catch up, I would suggest that you try to keep up with us with where we are at right now. If you have extra time, go back and start reading at Genesis, reading through Leviticus. If you read an additional 3 chapters each day, you will be caught up in a little more than one month. When you finish up the year, go back and read the remaining Psalms and the book of Mark.

**IMPORTANT**: No matter where you are in your reading . . . or if you're behind . . . remember, it's not a race to read the entire Bible. What's more important is to consistently spend time in God's Word. Make it a goal to complete the entire Bible, but don't get too rigid with when and how much you read!

On Monday, April 26 we begin reading in Joshua. The torch of leadership has been passed from Moses to Joshua. One of the foremost features of Joshua's leadership is his commitment to lead the Jews according to the instructions that God had given them. As you read about the Israelites conquest of the land that God had promised them, watch for how God reveals Himself in the following ways:

- 1) As the personal God of Israel in fulfilling the promises that he made to Abraham.
- 2) A holy God who does not tolerate wickedness and rebellion there are consequences for disobeying God.
- 3) As a gracious God who accepts all men and women who are willing to turn from their old ways and acknowledge Him as their true God.
- 4) A sovereign God. All mankind is subject to His sovereign control. Therefore, He can and will work mighty miracles in nature.

Each day after you finish your reading, reflect upon the character traits that you see in God and how they apply to your life today.

DID W	OLL KNOWS		

## **DID YOU KNOW?**

- That the Old Testament was originally written in Hebrew and Aramaic? That the New Testament was written in Greek?
- That the terms "Old Testament" and "New Testament" have been used since the 2nd century to differentiate between the Hebrew and Christian Scriptures?
- That the word "Bible" means "books"?
- That the cross references and footnotes in our modern Bibles were not in the original texts?
- That "all Scripture is God-breathed"? (2 Timothy 3:16)
- That Christ is the unifying theme of the Bible?
